

**OLFA**®  
THE ORIGINATOR SINCE 1956

Clips on belt or tool bag.

FOR BOTH  
**RIGHT- and LEFT-  
HANDED USERS**

**INSERT**

**SNAP OFF**

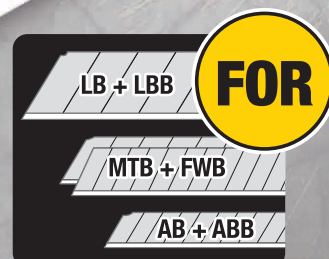

**GET A FRESH EDGE**

with an economical movement,  
in a blink of an eye!

**BLADE DISPOSAL HOLSTER**

**DC-5**

Designed for quality-conscious professionals who snap off most frequently in need of highest sharpness. Try and know as much about the beauty of the DC-5.

※ With a few exceptions.  
See reverse side for details.

**The DC-5 gets a user a fresh edge safely and briefly,  
and stores used segments not to litter up the workplace.**

## BLADE DISPOSAL HOLSTER

# DC-5

The DC-5 will be used to advantage to improve safety measures, as used edges automatically drop into the container and stored until disposed in bulk. Snap it off in no time and get ahead with work!

### Top lid

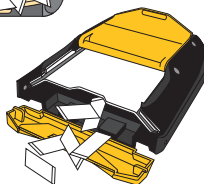

Always dispose the last segment from the top.

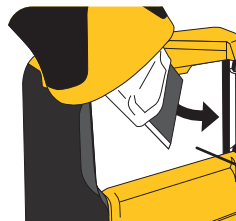

Open the top lid to dispose used segments in bulk. Dispose before it overfills; There is MAX line on the front lid as the rough standard.

MAX

### Slits, where to snap off

The DC-5, featuring 2 access-friendly slits, takes usability a step further.

Insert one segment, along the metal plate, into a slit and snap off.

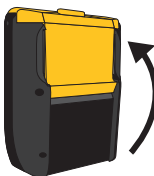

Easy blade snapping in 2 blade positions

FOR BOTH RIGHT- and LEFT-HANDED USERS

### Main front lid

For safety keep the main lid closed to prevent used segments stored inside from flowing backwards from the slits while not in use.

### Eyeholes for ring/key chain

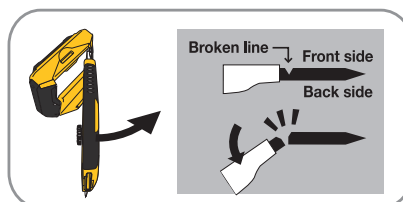

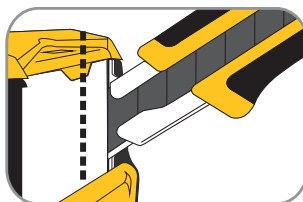

Clip to clip on a belt

## How to snap off

① Insert one segment deep into a slit.

② Pull the cutter to snap it off.

※ The DC-5 is **NOT** compatible with:

**All the 25mm extra heavy-duty models, 18mm heavy-duty models: CL, KL, PL-1, SL-1, CMP-2, and 9mm standard-duty models: PA-2, SPC-1, ES-1/green.**
